

20 September 1983

MEMORANDUM FOR: C/AD

FROM:

Executive Officer
Office of Training and Education

SUBJECT: New Furniture for 1A-07

Am transferring the action on this one to you--it really belongs in the Admin ballpark.

The question was first raised by [redacted] (and earlier by [redacted]). The DO folks felt that new chairs were needed in 1A-07. The need would have to be determined before any action is taken. Then the question--if needed, who pays? We have no funds in the budget for 1A-07 furniture. Neither the HN nor the Memo of Understanding touches on this particular situation.

Suggest perhaps you and Fred make the determination as to whether or not new furniture is really needed. If affirmative, OTE would have to negotiate with OL [redacted] Let me know what you decide.
